## DON'T CRASH AT THE NET

When brought in right on top of the net  
by your opponent's shot, immediately  
take a couple of steps back to better po-  
sition yourself for the next shot. If it's  
doubles, and you see your partner in this  
position, back up several yards so you  
can offer support if needed on a lob, etc..  
Keep those feet moving!!
